

What Do the Best College Teachers Do?

 Unknown macro: 'space-breadcrumbs'

Workshop Description

Join us for an introduction to some of the key questions and ideas in Ken Bain's *What the Best College Teachers Do (2004)*. Participants will leave with some ideas that they can put into use right away, as well as some deep questions to ponder about their own teaching and learning. Natasha Haugnes (Faculty Development) led this discussion of Bain's ideas and how we might apply his insights to our own teaching practice.

(Workshop date: Fall 2012)
